Leaflet number: 993 Version: 3

If you have had local anaesthetic throat spray:

You must not eat or drink anything for 45 minutes. This is because your throat will be numb. There is a risk of you choking.

Do not eat or drink until:

If you have had sedative medicine:

For 12 hours you should:

- be accompanied by a responsible adult.

For 24 hours:

- Do not drive a car or ride a bicycle.
- Do not drink alcohol.
- Do not operate any machinery or do anything which needs skill or judgement.
- Do not make important decisions or sign any documents.
- Do not climb ladders.
- Do not return to work until after this period of time.

**Health information and support is available at www.nhs.uk
or call 111 for non-emergency medical advice**

General advice

- Go home and rest.
- Rest your throat for the day. It may feel sore.
- You may feel a little bloated. This will pass.
- If you have any concerns, please contact your GP or the Endoscopy Department you attended (Monday to Friday, 8am to 6pm).

Go to your nearest Emergency Department right away if you:

- have really bad tummy (abdominal) pain.
- have really bad chest pain.
- are vomiting blood or passing red or tarry black poo (stool).
- have a fever with or without shivering.
- and are taking immunosuppressant drugs like steroids, azathioprine, cyclophosphamide and methotrexate.
