

Advice after a bronchoscopy or endoscopic bronchial ultrasound scan (EBUS)

Endoscopy Department

Information for Patients

Last reviewed: February 2026

Next review: February 2027

Leaflet number: 810 Version: 5

If you have had sedative medicine:

For 12 hours you should:

- be accompanied by a responsible adult.

For 24 hours:

- do not drive a car or ride a bicycle.
- do not drink alcohol.
- do not operate any machinery or do anything which needs skill or judgement.
- do not make important decisions or sign any documents.
- do not climb ladders.
- do not return to work until after this period of time.

General advice

- Go home and rest.
- You must not eat or drink anything for 2 hours after your procedure because your throat and breathing passage will be numb and there is a risk of choking.

Therefore do not eat or drink until:

- If you had a biopsy taken you may cough up a little blood. If this continues or if you have any other problems, please contact your GP.

**Health information and support is available at www.nhs.uk
or call 111 for non-emergency medical advice**

Visit www.uhleicester.nhs.uk for maps and information about visiting Leicester's Hospitals.

When to seek help

Contact your doctor immediately if in the next 72 hours you have any of the following:

- Severe pain in your chest.
- Severe pain in your tummy (abdomen).
- Severe problems with breathing (shortness of breath).
