

Advice after a gastroscopy or endoscopic ultrasound (EUS)

Endoscopy Department

Information for Patients

Last reviewed: December 2023

Next review: December 2024

Leaflet number: 879 Version: 5

If you have had sedative medicine:

For 12 hours you should:

- be accompanied by a responsible adult.

For 24 hours:

- do not drive a car or ride a bicycle.
- do not drink alcohol.
- do not operate any machinery or do anything which needs skill or judgement.
- do not make important decisions or sign any documents.
- do not climb ladders.
- do not return to work until after this period of time.

General advice

- Go home and rest.
- You must not eat or drink anything for 45 minutes after the local anaesthetic throat spray because your throat will be numb and there is a risk of choking.

Therefore do not eat or drink until:

- The back of your throat may feel sore for the rest of the day.
- You may feel a little bloated for the rest of the day if some air has stayed in your stomach; this will pass.
- If you have any concerns, please contact your GP or the Endoscopy Department you attended.

**Health information and support is available at www.nhs.uk
or call 111 for non-emergency medical advice**

When to seek help

Go to your nearest Emergency Department immediately if you:

- have severe tummy (abdominal) pain.
- have severe chest pain.
- have blood in your sick (vomit)
- are passing red or tarry black poo (stool).
- have a fever with or without shivering.

This is especially important if you are taking immunosuppressant drugs e.g. steroids, azathioprine, cyclophosphamide or methotrexate.

Endoscopy Department contact details

Leicester General Hospital:	0116 258 4357
Leicester Royal Infirmary:	0116 258 6997
