### Who we are and what we can do for you

We are a team of nurses based at Leicester Royal Infirmary Hospital. We work with the endocrine consultants and aim to offer you information to help support you during your time with us.

We run the Kieffer-Howlett Investigations Unit. This is where you will have your blood tests and any other tests you may need.

We also look after the Thyrotoxicosis shared care scheme. This is a scheme where we check your bloods and adjust your thyroid medication if you have an overactive thyroid gland.

**Please contact the Endocrine Department if you have not had your regular blood forms within 2 weeks once you have had your thyroid bloods taken at your GP Surgery. You will find the number and email address on the next page.**

### Who is in the team

Senior Nurse Specialist: Emma Bremner

Nurse Specialist: Mary Barrowcliffe

Nurse Specialist: Saara Abdinor

Staff Nurse: Emily Jaques-Davis

Healthcare Assistant: Charlie Thomas
